

Subject line: Hey Vik

I was scrolling through social media and I found your IG page and post on preparation for deadlift where you explain how simple isn't sexy but it always produces best results. I believe that it's necessary to constantly remind people how basics work and that no one is good enough to skip them, which you said in one of your blogs, I liked that too

It is strange to me that you don't have more followers on your Instagram and YouTube, because your message is great and your methods are very good

So I wanted to give you an offer

I want to write Instagram and Facebook ads for you and Anatomy in Motion, whether it be for your coaching academy, online tribe or just for views, whatever you think is necessary

Something like this

Does something like that interest you?

If it doesn't, that's fine, just let me know

All the best!
