

Hello _____,

That's fantastic news! Since your foster(s) have not yet been spayed/neutered, they will need to return to PACC for surgery before their adoption can be processed. You can make an appointment with our clinic by using the appropriate link found here: www.linktr.ee/paccfoster.

For paperwork, we have two items that we need completed for cat adoptions: our adoption survey and our adoption agreement.

1. Cat Adoption Survey (<https://pima-animal-care-center.app.transform.civicplus.com/forms/33083>)
2. Adoption Agreement (<https://pima-animal-care-center.app.transform.civicplus.com/forms/33075>)

Current adoption fees are _____. There is a free adoption coupon available here: <https://content.civicplus.com/api/assets/b20e3305-baf0-4ba5-bfe8-63df1b77c3c1>.

Paperwork and the alter surgery must be completed BEFORE your foster pet goes to their new family. (Please verify paperwork has been received by us before you transfer the pet.) Please let us know if you have any questions about completing the forms.
