

Kaufhaus - Abteilungen Präsentieren.....

Teil 1

You and your group walk to your department and describe what you have for sale, what sorts of sales you have, etc. Answer the following questions as you present your department:

Was habt ihr besonders zum Verkauf?

Gibt es Sonderangebote heute?

Describe some of your items also: color, cool factor, where the products come from, why anyone would need any of these items:

“Der Hut hier zum Beispiel ist wirklich sehr schick und modern.

Er ist preiswert, und das Material ist sehr weich aber haltbar.

Wir haben den Hut in Braun, Schwarz und auch Grau.

Der Hut kommt aus Indonesien.”

Everyone in your group should say at least 5 sentences about the department.

Teil 2

In your group, you put on a skit that dramatizes an outlandish trip to a department store. You visit at least 4 departments, talk about the inventory, discuss what you need, etc. Start a google doc and be ready to act out your skit on the next day we meet. Work on the skit at home - no need to memorize your lines. You may use a printed copy of the script or a copy on your phone. Share your skit with me: nkandah@wcpss.net

Teil 3

Make a trip to a produce department of a local grocery. Make a short movie using your cell phone of a shopping trip to the produce department. Make the video first and then overdub a vocal track describing what you are

buying and why. Create your video, and upload to a google drive or to youtube and share with me your video via email: nkandah@wcpss.net
