Another fabulous week under our belts! I hope you are able to enjoy the weather this weekend and enjoy your time together! See everyone on Monday!

Next week: BUSES

Please note that traditional schools begin on Monday, which will inevitably impact some of our bus routes. Please be patient as buses may be a bit slower to arrive as the first-tier schools' routes are running for the first few days. We will communicate with families via Talking Points if we learn that routes are significantly delayed.

Important message from Mrs. Page (Media specialist)

Hello families! The WSES Media Center needs your help. A significant number of books are overdue or missing from our collection. Please check your child's backpack for a notice from the library and take a few minutes to help look for these materials at home. Thank you!

What are we learning?

Our days are jammed packed with:

- subtracting with regrouping (Using the algorithm- the way we learned it when we were kids!), inverse operations, and rounding/estimating.
- finding the main idea of a nonfiction passage and putting it into an expert paragraph.
- all about verbs
- spelling word families
- Our Solar System

PTA

If you have not already, please take a moment to sign up for the PTA. The class with the most parents signed-up gets an extra recess!

Homework

There isn't much that your child has to do each night, but it is required that they **read for at least 20 minutes, they complete their book review each week on flip, and if they didn't have time in class, they need to complete their 5 lessons each week in Dreambox.**

If your child is having a hard time completing work at school, some of it may be sent home to try to get caught up. A message will be sent to you through TalkingPoints if this happens.

Happy Friday!

Mrs. Rochford
