

The Uzzle: Stack Royale

	The Uzzle: Stack Royale
Description	"The Uzzle: Stack Royale" is a fast-paced, competitive, block-stacking game where players race to build a specific structure on their base before anyone else. Unlike the original "The Uzzle," which is a pattern-matching puzzle, "Stack Royale" is a 3D building challenge where players must replicate a blueprint from a card. The game requires speed, dexterity, and precise spatial reasoning to be the first to complete the perfect build.
Who is this for?	Ages 5+ 2-4 Players 5-15 Minutes
Skills	Strategic Planning Troubleshooting Risk Analysis
Computational Thinking Skills	Algorithmic Thinking Pattern Recognition Abstraction Decomposition
21st Century Skills	Critical Thinking Creativity Communication Collaboration
State Standards	CCSS.MP1. - Make sense of problems and persevere in solving them. CCSS.MP5. - Use appropriate tools strategically. CCSS.SL.K.1 & CCSS.SL.1.1. - Participate in collaborative conversations.
