## Update your iPhone or iPad

1. Plug your device into power and [connect to the internet with Wi-Fi](#).
2. Go to Settings > General, then tap Software Update.
3. If you see more than one software update option available, choose the one that you want to install.
4. Tap Install Now. If you see Download and Install instead, tap it to download the update, enter your passcode, then tap Install Now.
5. Leave it plugged in and powered on while it updates.

**If you have any issues please email [support@thefletchersschool.org](mailto:support@thefletchersschool.org) and we will take a look at the device when we return.**
