Late Work Policy

In this classroom, there will be a missing assignment deadline for any and all missing work. The highest grade a student can receive for turning in an assignment late is a 75. After the deadlines listed below, I will not accept any missing work. If a student submits work past the due date, the student is responsible for filling out the "Late Work Form" linked in Google Classroom.

Missing Work can be found in Google Classroom, and paper copies can be found in the 'Absent Files' when the student returns to class.
Please check your assignments and communicate with me if you have any questions or concerns.
