# San Antonio Math Include

Provide Greater Access to STEM Education to All Students

**Samantha F.**

**Tutor**  
**San Antonio Math Include**

Sam is part of the Basis Shavano class of 2022. She has always loved math, far superior to English in her opinion, and enjoys teaching other students. She joined SAMI to help her fellow students with math and because she believed in its message and what it is doing. Her favorite subjects are chemistry, biology, and math. Outside of school, she enjoys reading, writing, and playing volleyball.
