

# The title of this paper

## **Abstract**

An abstract of no more than 150 words should be entered separately in the online submission website. You should also copy it to precede the text of the paper. The abstract should give a clear idea of the main conclusions of the paper, the methods employed and some indication of the line of reasoning. Provide a maximum of five key words below the abstract.

## **1 The first numbered section**

Participants who would like to present a contributed paper are requested to submit their paper in English (max. 12 pages including figures, tables, references and appendices) before November 20, 2022. Uploaded files should be free of any reference to the authors.

The papers should use font Times New Roman 12 pt (or similar). References are cited in the text by giving the name of the author/editor, year of publication and - in the case of quotations or an exact reference - the page number, all in parentheses (Swinnen, 1997: 12) or (Zeller et al., 1997). Some examples are given below.

## **2 The second numbered section**

Tables should be numbered consecutively and put in their position in the text or at the end of the manuscript.

Figures should be placed in the body of the article near to their citation or at the end. Number figures consecutively.

## **3 The third numbered section**

Before you submit, please make sure that your paper is free of any reference to the authors. Separate instructions for the title page will be given to authors of accepted papers.

## **4 The fourth numbered section**

Papers will be reviewed for (a) relevance of the topic and potential for discussion, (b) originality, (c) scientific quality and (d) clarity of exposition.
