

1. How would you describe your gender identity? Please select one option

Man	1
Woman	2
Transgender	3
Non-binary	4
Prefer to use another term	5
I prefer not to say	6

2. What is your age?

18 - 24 years	1
25 - 34 years	2
35 - 44 years	3
45 - 54 years	4
55 - 64 years	5
> 65 years	6

3. What is your approximate average household income? Please select one option

< 25% of the country's average income	1
25 - 60% of the country's average income	2
60 - 90% of the country's average income	3
90 - 110% of the country's average income	4
110 - 180% of the country's average income	5
180 - 250% of the country's average income	6
> 250% of the country's average income	7

4. Please enter your full postcode.

Any personally identifiable information you provide will be anonymously analysed with your survey responses. We will not pass on these details. Your postcode is needed to classify which region you live in. The survey results will be processed in adherence to Market Research Society's Code of Conduct and Data Protection Act 1998.

Please type in

5. Which area do you live in?

I am living in a metropolitan city of more than 200,000 people, which is an economic political and cultural hub of my country	1
I live in a city with between 50,000 to 200,000 people	2
I live in a small city or town with between 5,000 - 50,000 people	3
I live in a rural area or village of less than 5,000 people	4

6. Over the past 3 years, has your or your family's income increased more or less than the cost of living? Please select one option

Our income increased more than the cost of living	1
Our income increased just enough to compensate for the rise in the cost of living	2
The cost of living increased more than our income	3

7. How do you work or study? Please select one option

From home or not working	1
In an office or other building, only exposed to the outside during commuting times	2
Frequently moving between indoor and outdoor spaces, but spending less than 4 hours per day outside	3
Mainly outside for more than 4 hours	4

Emotions

8. Please indicate how often you have felt the listed emotions in the past two weeks.

	1 – Not at all	2	3	4	5 – Often
--	----------------	---	---	---	-----------

Powerless					
Worried					
Angry					
Hopeful					
Happy					
Loved					
Exhausted					

9. Look at the following set of statements and answer to what extent you agree or disagree.

	1 – Strongly disagree	2	3	4	5 – Strongly agree
Together, a group of citizens can contribute to solving some of the biggest issues in my country, if we make ourselves heard					
There is not much that I can do about the fundamental problems we face today					
I believe that my efforts rarely make a difference in the outcome of events					
I have complete control over my life					
I often feel that I have little influence over my life					

I can make myself heard so that decision-makers consider my opinion					
My voice is heard in my community					
I aim to be accepted by my community even if it limits my freedom					
I have the power to change things that are important to me					
I have control over my career and professional development					
I influence decisions that affect my community					
My present economic situation does not allow me to live my life as I would like to					
The norms in my society are limiting how freely I can be and express myself					

10. I felt angry during the heatwave because

	1 – Not at all	2	3	4	5 – Often
These heatwaves could have been avoided					

I feel powerless to do anything against it					
People act mindlessly and worsen the problem					
I feel exhausted and lose my temper					
We could have been much better prepared to cope with the heat					
People do not provide sufficient support					

11. Who do you think is to blame for the suffering during the heatwave?

	Not at all	To some degree	A lot
The Local Government			
The National Government			
Corporations and businesses			
People who make the heat worse by driving unnecessarily or overusing air conditioning			
The fossil fuel Industry			
Other countries that contributed more to global warming			
Economic elites			
Political elites			
Nobody			

12. What is the primary method you use to cool your residence?

Air conditioners	1
Fans	2
A combination of both	3

Neither	4
---------	---

13. How often do you engage in the following actions?

	1 – Never	2	3 – Sometim es	4	5 – Frequentl y	construct
I participate in groups or clubs based on shared interests (e.g., sports teams, religious groups, hobby groups, school committees)						bridge (have)
I have the opportunity to socialize with people with significant resources or influence (e.g., business networking, professional associations, sports clubs)						link (have)

14. Which of the following would make you more likely to participate in community efforts to prepare for future heat waves?

	1 - Strongly Disagree	2	3 - Neutral	4	5 - Strongly Agree
Being able to apply skills I already have					
Being given resources to learn new skills					
Having more free time					
Getting information on where and when I can help					
If I could see how my efforts would make a difference					
If I were asked by a member of my community to participate					
If I felt it was my responsibility					

15. How strongly do you agree with the following statements?

	1 – Strongly disagree	2	3 - Neutral	4	5 – Strongly agree	Construc t
--	-----------------------------	---	----------------	---	--------------------------	---------------

I feel a strong sense of belonging in my immediate community (e.g. neighborhood, religious group, etc.)						bond (have)
People in my neighborhood can be trusted, and generally support each other						bridge
People in a position of power within my community can be trusted and generally support the community						link
I can completely trust and rely on the people in the community I belong to						bond
In a crisis, the community I belong to has the capacity to provide all the help that I need						bond
In a crisis, the people that I relate to in my neighborhood can be of significant help						bridge
In a crisis, the relationships I have to powerful people in my community can be of significant help						link

16. How strongly do you agree or disagree with the following statements?

	1 – Strongly disagree	2	3 - Neutral	4	5 – Strongly agree
Government authorities will fail to adequately protect communities from the risks of future heatwaves					
If government authorities fail to act effectively, individuals should take personal steps to adapt and protect themselves and their households from heatwaves					
If government authorities fail to act effectively, communities should organize themselves to					

develop and implement collective strategies to adapt to heatwaves					
Individuals are well-equipped to take effective action to adapt to heatwaves without government support					
Communities are well-equipped to take effectively action to adapt to heatwaves without government support					

17. Please indicate how much the heatwaves have impacted your everyday life.

1 – Not at all	2	3 - Somewhat	4	5 – very much
----------------	---	--------------	---	---------------

18. How have the heatwaves most impacted your life? (Please choose the first and second most important impact)

My emotional well-being	1
My economic well-being	2
My health	3
My security	4
My trust in our institutions	5
My trust in other people	6

19. Where did you feel most impacted by the recent heatwaves?

At work	1
At home	2
On my commute	3
In my free time	4
When doing daily life errands	5

20. Which of the following impacts have you experienced during the heatwaves?

	1 – Not applicable	2	3	4	5 – Often
Increased cooling costs, i.e. fans or AC, have put an additional financial burden on my family					
I have had to limit the amount of time I can run cooling methods due to economic impacts					
I have invested in a more efficient cooling system (ie more energy-efficient ACs or overhead fans)					
I spend more time in air-conditioned public spaces					
I limit the number of rooms that are cooled in my house					
I have needed to run the air conditioning at a higher temperature than I find comfortable to mitigate costs					

21. Which of the following financial impacts have you experienced as a consequence of the heatwaves?

	1 – No impact	2	3 - Moderate increase	4	5 – Significant impact
Electrical bill					
Loss of income					
Investing in heat-proofing my home					
Health-related costs					
Transportation costs					
Grocery bills					
Other heat-related expenses					

22. In the future, heatwaves will be... (please rate between 1 to 5, where 1 means a serious threat to our future well-being and five an irrelevant inconvenience)

1 - A serious threat	2	3 – A threat, but we'll have bigger issues		5 - An irrelevant inconvenience
----------------------	---	--	--	---------------------------------

23. Which statements best describe how you see the world today?

The world has many opportunities and resources for everyone to grow wealth together	1
As resources become scarcer, we create fair ways to distribute them and opportunities	2
Scarce resources are causing competition and creating winners and losers	3
