The service we used in previous years, OfficeFootballPool, was bought out and migrated to another site called SplashSports. Splash should prompt you to sign up or login after clicking on the above link. If you never had an account with OFP, sign up. You can skip the page (page 4) where it asks for your name and DOB. If you do have an account from OFP the site should recognize you. **DO NOT DEPOSIT ANY MONEY ON THE SITE**. After signing up or logging in sometimes the site will send you back to the home page without directing you to the pool looking like this:

If you are sent back to this page, copy the link to the pool and paste it into your browser while logged in: [CLP Survivor](#) or you can search by my username BartHanson in the search field to find the pool. This is what the pool page looks like:

You must click on "add entries" to register for the pool. If you don't, you will be redirected to the home page at next login and will have to enter the pool link again while logged in to find the pool.

After sending payment, please send email to [Bart@crushlivepoker.com](mailto:Bart@crushlivepoker.com) with:

1. Pool Entry Name (Ex. *Smithee44*)
2. Real Name (Ex. John Smith)
3. Payment Method email address or handle (Ex. Cashapp \$johnsmith or Zelle johnsmith@gmail.com)
