Presenters Guide

Intro to Health Data Australia (HDA) for data providers

Skilled Workforce Development Team, ARDC

12/11/2024

Description

This guide provides clear instructions and tips for preparing and delivering a presentation for specific topics related to the HeSANDA program.

It covers objectives, outcomes, audience details, and useful resources.

It may also include advice on

- engaging the audience,
- managing Q&A, and
- handling common challenges to ensure a smooth and effective presentation.

OBJECTIVES
The main objective of this presentation is to introduce potential data providers to the Health Data Australia (HDA) Platform. Throughout the presentation it will be important to: ● Describe the platform functions and features ● Outline ARDC's position on FAIR data principles ● Highlight its benefits and opportunities for collaboration ● Clarify data provider responsibilities and role of data providers in shaping the platform ● Outline potential for collaborative partnerships ● Illustrate how participation can enhance research outcomes that inform health policy and practice ● Highlight the positive societal impacts of accessible health data on the HDA platform ● Establish trust and encourage engagement with the platform

OUTCOMES	AUDIENCE
By the end of this session, participants should be able to: ● *Understand HDA Platform's purpose and benefits* ● *Identify data provider roles and opportunities for collaboration* ● *Evaluate opportunities for data provider engagement* ● *Appreciate positive societal impacts of data sharing* ● *Gain trust in the HDA Platform*	Data Providers ● *Researchers* ● *Trialists* ● *Research Data Managers* ● *Data Custodians*
