File and General Format

International Journal of Fine Arts and Creative Innovation request to submit article in Microsoft Word format (.DOC). If you are using another word processor, please save final version of the manuscript (using 'Save As' option of the file menu) as a Word document. In this case please double check that the saved file can be opened in Microsoft Word. We cannot accept Acrobat .PDF or any other text files.

Article must be typed on A4 (210 × 297 mm) paper with ample margins of 1 inch or 2.5 cm. The maximum of the paper length is 10 pages.

Abstract

Abstract with no more than 300 words should be supplied to reflect the content of the paper. A concise and factual abstract is required. The abstract should state briefly the context of the problem (background), purpose/aim of the research, the principal methods, the results and major conclusion (contribution). An abstract is often presented separately from the article, so it must be able to stand-alone. For this reason, References/citation should be avoided. Also, non-standard or uncommon abbreviations should be avoided, but if essential they must be defined at their first mention in the abstract itself.

Keywords

Alphabetically sorted; Capitalized first word; From a to z; Maximum 5 keywords; Sentence case; Separate by comma (,) between keyword

Topic in the Article

The **research articles** submitted to International Journal of Fine Arts and Creative Innovation should include the following sections:

- **Introduction**

Provide an adequate background, context of the problems based on the literature review. State the objectives of the work and emphasize the originality

- **Objective**

Clearly state the objectives of the research or explain what the study aims to achieve.

- **Literature Review**

Summarize relevant previous research, Identify gaps in the existing literature and Provide a theoretical framework for the study.

- **Research Methodology**

Describe the research design and methods used, Explain the data collection and analysis procedures and Justify the chosen methodology.

- **Research Results**

Present the findings of the study, use tables, figures, and charts as needed to illustrate the results and interpret the data without providing conclusions.

- **Discussion**

Analyze and interpret the results in the context of the research objectives, compare the findings with previous research and discuss the implications and limitations of the study.

- **Suggestions**

Provide recommendations based on the research findings and suggest areas for future research.

- **References**

List all the sources cited in the article as alphabetical order (A-Z). The format the references according to APA 7th edition guidelines.

The **articles** submitted to International Journal of Fine Arts and Creative Innovation should include the following sections:

- **Introduction**

Provide an adequate background, context of the problems based on the literature review. State the objectives of the work and emphasize the originality

- **Content**

Present the main body of the article. Divide the content into clear, coherent sections with appropriate headings and subheadings. Ensure the content is logically structured and flows smoothly from one section to the ne

- **Conclusion**

Summarize the main findings of the research. Discuss the implications of the findings. Provide recommendations for future research or practical applications.

- **References**

List all the sources cited in the article as alphabetical order (A-Z). The format the references according to APA 7th edition guidelines.

Table

Table should be original (not as embedded figure), no vertical border (only horizontal border and bold), use single line spacing, font size 11 as shown in **Table 1**. Tables should be centered and numbered accordingly. The short explanation regarding the Table's meaning and significant.

Table 1 Number of receptors in each container

Experiment	Container	Receptor
1	50	28
2	100	14
3	150	9
4	200	7
5	250	5

Images and Diagram

Images and diagrams should be centered and numbered accordingly. If an image or diagram has a source, cite it as follows: Title by Author (Year)

Fig. 1 Mona Lisa by Da Vinci, L. (1506)
