

Equip - How to Link Your Referral URL to Specific Content Pages

Step 1: Login to your Refersion Affiliate Dashboard at:

<https://purewod.refersion.com/affiliate/login>

Step 2: Click "Create Link to a Specific Page"

Step 3: Input the URL of the page you wish to attach your link to:

A screenshot of a modal window titled "New Custom Link" with a close button (X) in the top right corner. Inside the modal, there is a section labeled "Enter destination page URL". Below this label is a text input field containing the URL "ps://www.equipfoods.com/discount/PREZ20?redirect=%2Fcollections%2Fpresidents-day-sale". To the right of the input field is a blue button labeled "Create Link". Below the input field is a light blue message box with a speech icon and the text "Your custom link must begin with an approved domain directing to this merchant". At the bottom right of the modal is a grey button labeled "Close".

Step 4: Click: Create Link

Step 5: Save this link and share it wherever is best for you! :)

New Custom Link

Your link has been generated!
