

Three Mirrors

V1

Got air in my tires
Fresh window wipers
My three mirrors
Are clean

Preachers on AM
Rappers on FM
Sound strangely
The same

Ch 1

It's all clear along the roadside
Now and then, just a few green signs
The engine reaches
Overdrive...

V2

I tried to help you
I offered refuge
From the prison
You'd made

I stormed the temple
I tipped over tables
I made clear
My rage

Ch 2

Interlude

v3

We both had demons
Unspoken reasons
But no one
Reads minds

Now there's air in my tires
Fresh window wipers
My three mirrors
Are clean
