April Transportation Report

- We are still short 2-full time and 1-part time route drivers.
- We've got Bus #24 down for a major repair. It has a crack in one of the frame rails that has to be repaired.
- We did have to purchase diesel fuel in March. Hendry Oil was the low bid at \$2.999 for 7,500 gallons of red dyed diesel. This price is 32 cents cheaper than when we purchased fuel in January.
