

San Diego AACN Student Ambassador Program

Mission:

The San Diego AACN Student Ambassador Program develops future critical care nursing leaders by connecting nursing students with professional networking, leadership development, volunteer opportunities, and critical care education.

Vision:

To build strong partnerships between the San Diego AACN Chapter and local nursing schools while creating a pipeline of engaged student leaders who will become future AACN members, volunteers, and chapter leaders.

Program Goals:

The Student Ambassador Program will:

- Increase student engagement with the San Diego AACN Chapter
- Promote AACN student membership and professional involvement
- Create leadership opportunities for nursing students
- Increase representation from nursing schools across San Diego County
- Build connections between students, new graduates, and experienced critical care nurses
