October 2019

Dear Recipient Name:

On behalf of the Wisconsin Disc Sports Association (WDSA) Education Committee, I have been endowed with the duty of collecting data about disc golf in school districts across the state of Wisconsin.

The information collected will be utilized as a resource to connect with other schools in the state of Wisconsin that also have disc golf incorporated within the school. The information will also be used to make the case to the WIAA for potential intramural or interscholastic play beginning with the high school level.

Please have the appropriate contact (educator, coach, or administrator) who has the most knowledge about disc golf equipment and/or curriculum for your school please reply to this request.

There is a simple survey to be completed for whomever the school contact is. I would like to emphasize that this contact letter is not a product sale ploy.

Thank you for your time and consideration in this matter.

Sincerely,

Lindsey Westberg- WDSA Education Chairperson

"To serve as coordinator among schools and other educational organizations for the purpose of sharing disc sports information and creating disc sports functions."
