bringing this up again cuz it still needs rrs: feb 22nd warped tour themed dual stage fest needs two rrs to run it. if anyone is interested in taking it on (either two core members or one core, one non core) i would really really appreciate it. i've been working with lulie (@catmommypresents on ig), and she put the whole thing together so all that needs to be done is day of stuff. lineup is pretty stacked (see image) please either reach out to lulie or me if you're interested in taking it on. she has all the bands confirmed and some of them are coming from out of town/state, so we really want this to actually

be able to happen. lmk if you have any questions. thx!
