

Math Conqueror

Technical Guidelines

Math Conqueror is an exciting competition that challenges participants to demonstrate their knowledge and skills in mathematics. Similar to Battle of the Brains, this competition features a series of challenging math questions that test participants' ability to solve complex problems under pressure. Accuracy, speed, and problem-solving ability is the key to win this competition.

Participant: All students Grade 7-12

Competition Type: Group of 3 people

Limitation: Maximum 2 groups per class

Timeline and Regulation:

- ❖ Preliminary Round: March 16th, 2023
 - Place: 8B
 - Time: 15:00 - finish
 - Participants join Quizizz in the specified time, answering math related questions
 - Best 3 groups advance to the Final Round
- ❖ Final Round: March 21st, 2023
 - Place: Main Stage
 - Time: [to be discussed]
 - The final round will use Baamboozle as the platform
 - Team with the highest score win the competition
- ❖ The questions will be related to topics in mathematics (could be fast number calculation, geometry, algebra, anything related to math)

Prize:

Rank 1: Rp100,000.00 + Certificate
