- ❖ ~~Draft will be in snake format with no round reversal~~
- ❖ ~~Slow draft with 8 hours per pick for 20 rounds total~~

VI. FUTURE DRAFTS, ROSTER CUTS, & DRAFT LOTTERY

- ❖ During each offseason, the league will hold a combined Rookie/Free Agent draft where any draft-eligible rookies from that year's NBA Draft *and* any free agents in the player pool can be selected during the draft
 - There will be two rounds total for the draft
 - It is a slow draft—allowed up to 8 hours per pick
 - To further deter hard tanking, the draft will be snake format, e.g. the 1st pick will get 24th pick, 12th pick will get 13th pick, etc.
- ❖ Teams will be temporarily given two extra roster spots for the draft
 - Must cut back down to 20 players within one week after the draft concludes
 - Players in IR slots are **not** exempt from this cut
- ❖ Players claims are disabled once season concludes
 - Players claims will be re-enabled following the completion of roster cuts
 - All Free Agents will be reset to Waivers once player claims are re-enabled
- ❖ Teams not in the playoffs will enter a lottery for Rookie/FA draft to determine draft order
 - Playoff teams will be in reverse standing based on their playoff finish result
 - If you finished 5th~8th, your draft pick is randomized after lottery slots
