

Tuition Assistance Information

Grace International School strives to make a high-quality education accessible to a wider range of families. We offer tuition assistance to students who demonstrate financial need. However, all families are expected to contribute to their child's education to the fullest extent possible.

Eligibility and Award Amounts

- Determinations for tuition assistance awards are made on a case-by-case basis by the Chief Financial Officer (CFO) and/or Principal.
- The parent's employer or sponsoring organisation affiliation does not guarantee assistance.
- Any parent who receives at least 50% of the tuition support from their employer is not eligible.
- Any parents working in an INGO or an embassy are not eligible.
- Awarded assistance amounts vary depending on the demonstrated financial need.

Application and Renewal Process

- Applications for tuition assistance are required annually.
- Applications can be obtained by emailing accounts@grace.edu.bd.

Maintaining Eligibility

- Parents are obligated to inform the school administration immediately of any changes in their financial circumstances that may affect their eligibility for tuition assistance.
- The school reserves the right to re-evaluate a student's eligibility at any time.

Financial Responsibility

- Parents are ultimately responsible for all tuition fees associated with their child's education at Grace International School.
- The school may seek to recover any unpaid fees, backdated for up to three years, if it is determined that a student received tuition assistance based on inaccurate information provided on the application or due to a change in the family's financial circumstances that was not reported.

We encourage families with financial needs to inquire about our tuition assistance program. For more information or to request an application form, please contact the accounts team at accounts@grace.edu.bd.
