

Privacy Policy

Last Updated: 07-03-2026.

This Privacy Policy ("Policy") explains the information collection, use, storage, and sharing practices of Ask Chat GPT ("we," "us," and "our").

Unless otherwise stated, this Policy describes and governs our information collection, use, and sharing practices with respect to your use of our browser extension and the related services we provide and/or host on our servers (together, the "Services").

Before you use or submit any information through or in connection with the Services, please carefully review this Privacy Policy. By using any part of the Services, you understand that your information will be collected, used, stored, and disclosed as outlined in this Privacy Policy.

If you do not agree to this Privacy Policy, please do not use our Services.

Information We Collect

Content You Provide

We collect the content you submit through the Services: messages you send in the chat and attachments you choose to add to the chat, which may include the content of the web page open in your browser, a screenshot of the page area you select, and files you upload.

Usage Information

When you use the Services, we automatically collect certain information about your use, including randomly generated pseudonymous identifiers used to operate the Services, feature usage events, and related technical metrics.

Technical Information

We also process basic technical information provided by your browser, such as your browser language, time zone, and user agent.

How We Use Information

We use the information we collect to:

- Operate the Services, including generating AI responses to your messages;

- Provide Service features;
- Analyze, maintain, secure, and improve the Services;
- Monitor, diagnose, and fix errors;
- Process and respond to your inquiries and requests;
- Comply with the law and protect the safety, rights, property, or security of the Services, our users, and the general public.

How We Share Information

We share information only in the following circumstances:

AI Model Providers

To generate responses, the content of your messages and attachments is processed by the provider of the AI model you select in the extension: OpenAI, Anthropic, or Google.

Analytics

The usage information described above is processed on our behalf by Amplitude, Inc. to help us understand and improve how the Services are used.

Error Monitoring

Error reports are processed on our behalf by Functional Software, Inc. (Sentry) to help us detect and fix problems with the Services.

Service Providers

We may share information with other service providers that support our infrastructure and operations and that process information on our behalf and under our instructions.

Legal Compliance

We may disclose information if required to do so by law or on a good faith belief that such disclosure is reasonably necessary to comply with legal process, enforce our terms, or protect our rights, property, or safety, or that of our users or the public.

Business Transfers

If we are involved in a merger, acquisition, or transfer or sale of our assets, information may be disclosed or transferred as part of that transaction.

We do not sell your information, we do not share it with data brokers, and we do not use it for advertising purposes.

Data Storage, Retention, and Security

We store the information we collect on our servers for as long as necessary to operate and provide the Services, or as long as we are legally required or permitted to do so.

Some data, such as your settings and service data, is stored locally in your browser's extension storage and remains there until you remove the extension or clear this data.

We have implemented technical and organizational security measures designed to protect your information against loss, misuse, and unauthorized access or alteration. However, no method of transmission or storage is completely secure, and we cannot guarantee absolute security.

Your Choices

You may request access to or deletion of your information at any time by contacting us at allabondarenko9838@gmail.com. Depending on your jurisdiction, you may have additional rights with respect to your information, such as the rights to access, correct, delete, or object to certain processing, subject to applicable exceptions and limitations.

Children

The Services are not directed at children under the age of 13. If we become aware that we have collected personal information from a child under the age of 13, we will take reasonable steps to delete it as soon as practicable.

Changes to this Privacy Policy

We may update this Privacy Policy as we update and expand the Services. We will post any changes on this page and revise the "Last Updated" date above. If we make material changes to this Privacy Policy, we will provide you with notice as required by law. We encourage you to check this page periodically to stay informed about how we collect, use, and share your information.

Questions About this Privacy Policy

If you have any questions about this Privacy Policy or our privacy practices, you can contact us at: allabondarenko9838@gmail.com.
