Rohan is part of the Class of 2029 at Coppell High School 9th Grade Center and is going for a career in coding. He is enrolling in his Computer Science class next year and is currently working on the Harvard CS 50 Course. He is currently also in the Scouting program and has achieved the Life Rank, the second highest rank. He is passionate to teach younger kids and wants to help tutor more in the SAMI program. When he is not preoccupied with school work or the Scouting Program you can find him playing outside with his friends or playing the saxophone.
