

BitcoinCasinoPro.com 2014-15 Media Kit

Recruiting new players to any form of gambling site can often be frustrating and challenging for owners, marketing and affiliate managers alike. As the online bitcoin gambling industry has started to mature, it has become increasingly difficult to find effective ways in which to gain access or start a dialogue with top producing players.

In the competitive market such as the bitcoin gambling industry, traditional methods or affiliate recruitments such as cold calls, unsolicited emails, and generic marketing forum techniques simply don't work.

In order to recruit top producing players, owners and marketing managers need to go to where the players are, and that is at BitcoinCasinoPro.com We have put together an exceptional sponsorship opportunity that will provide you with a variety of ways to leverage out existing players of yours and the unlimited opportunity of fresh clients being sent to your brand.

How Big Is Bitcoin Casino Pro?

We are referred as the most respected bitcoin gambling rating watchdog for bitcoin gambling sites. All around the bitcoin gambling site network, you should be able to access and view our endorsements and logo on many of your competitor brands websites.

The diverse guest count is currently less than what you might be able to get elsewhere but the quality and value of players you will receive from us dominate any competitor we might have. We currently average around 900-1600 unique guest a day searching for information regarding bitcoin gambling. The returning rate for guest is extremely high as they want to be certain the bitcoins and gambling operation in question is safe to access and continue to offer high standards.

Why Become a BCP Sponsor?

Becoming a sponsored program at BitcoinCasinoPro.com (BCP) gives Your company and marketing managers the possibility to connect with members not usually available. Let's face the truth about bitcoins and the anonymity that comes with them. Although a great feature it also puts many members on edge and unwilling to actually deposit serious bitcoins within a website.

Statistically we already send organizations hundreds if not thousands of bitcoin transfers from guest monthly. We are also growing at an obvious and rapid pace and is something you also need to consider prior to having all sponsorships reserved and filled up.

Including in this review will include information guest search and seek most. For example, Instant payouts, Promotions, Free Offers, and Review information.

Clearly a guest searching for a review on Google is already considering joining such brand however when a brand is not endorsed or has a bad rating there is a good chance they will skip and go with a related brand located possibly within the review article. At times we will insert similar brands banners and text ads within none endorsed companies review pages.

Homepage Exposure and Banners

Each sponsored program will be included somewhere within the premium locations on the website and usually are found within the sidebar area. This is a section of the sponsorship that receives some of the premium guest signups for being recognized and rated.

If you do not have any banners developed we have a staff that will design and send for approval to you prior of such banners going live on the web.

The Official BCP Recommended List

Although we are unable to approve all premium sponsors on the main page as an Official BCP Recommended company if you're reading this your company is more than likely approved for this particular section. There is a premium additional charge for such locations and is based on a full calendar year. (This premium Link can also be revoked if such company goes rogue or becomes untasteful to guest)
