Time Allotted	Topic	Minutes
10 minutes	Weeks 4 & 5 Debrief - What is going well? - What can be improved?	<u>field lines</u>: take more time to place trivets to keep from flapping and to protect them from ripping more - goal lines are priority - pull taut, then put trivets for goal line width and wait to put trivets every 10 ft along sidelines - take 2 steps in on corner opposite 1 & 4, place temporary stake, then clip 1 to 4 and use self-squaring system to keep lines straighter <u>board members</u>: one board member + 2 extras at each field; make sure we're there to help <u>remind teams</u>: Hotchkiss will send message in Captains GroupMe to have them remind teams to clean up their sidelines AND help board members break down fields
10 minutes	Midseason Party Logistics	<u>donations</u>: Keaton picked up things at Buffalo Exchange because we did not get enough donations <u>Nellies is ready</u>: Keaton will explain rules, then Nellies Drag Queens will step up <u>FB & IG</u>: Leah will get the social media hype tomorrow morning-ish <u>Regular Sunday specials available on Thursday :)</u>

	EXTRA	<u>Team Awards:</u> gift cards are ready <u>Mid-Season Survey:</u> Leah will send out an email <i>this week</i> with the link; send individual team emails "Fill out the mid-season survey for a chance to win \$XX-\$XX in Nellies bucks!!" - follow up with Captains after mid-season survey <i>next week</i> and include clarifying statement re PEP rule <u>Field Line Warranty:</u> Honeycutt will take inventory and put order in to replace broken/ripped lines CLIPS ARE BOTTOMS - when reeling lines make sure ends with clips are on the bottom <u>Captains Dinner Comments</u> - Bobby clarifying concern about inviting random teammates to dinner; should be safe space for captains. Possible that others may not view it the same way - Encourage/build up rookie QBs - Lines are great - need more trivets - Happy with game timing - Yay Honeycutt for every 2 hours :) - Water and first aid - made more visible <u>Other Comments:</u> - Gold, Maroon still need team flag - Keaton trying to track down - PEP rule: who's responsible for this? Designate one ref? Opposing captain makes complaint to a ref, then ref throws flag if deemed appropriate. It is ultimately the ref's decision and has to occur immediately following the game. Doesn't actually seem to be an issue this season. Honeycutt will help draft a clarifying statement to go out to captains.
