

# Feline Fantasies Full Game Guide

By PollyMaker

## Warning

**This guide contains spoilers for the entirety of Feline Fantasies. It is strongly recommended that you play the game yourself first.**

## Starting out: Exploring Southern Island

So, you've just dropped into Southern Ruby Island. How are you feeling? Hopefully well, since there's plenty to do! To get the game started, you'll have to start exploring Southern Island. On your top left, there will be an "Explore" button. You're free to click it and read through, or spam it as much as you want. Once you have discovered all there is to find, you can head on to either Game Oasis, or Pokémon Lagoon.

## Pokémon Lagoon

### Fia

Located in Pokémon Lagoon, Fia (pronounced like "fire") is the fiery Litten you can come across. She is the fastest to access in terms of sex scenes. You are free to choose any dialogue options, as it will eventually lead around to her vaginal sex scene.

## Nyancy

Nyancy, the sweet and shy Espeon, is found in Pokémon Lagoon. She is very shy and nervous, so be nice to her and don't be too pushy with sex. When being nice to her, she will give you catnip, which will come in handy for a later feline. After having sex with said feline, return to Nyancy, and she will reward you with some sweet, and intimate times.

## Medea

Requires:

- 1x Lemon Pie

Medea, the sassy yet sweet Meowstic, is located in Pokémon Lagoon. She can only be convinced into sex through gifting her a lemon pie, which is obtained by another feline. She is also essential for progressing onwards into Northern Island, so keep her presence of mind!

# Game Oasis

## Brownie

Brownie, the palico chef, is found in Game Oasis. She can very easily be convinced into sex, as well as offering insight into the game's world. Once teasing her a bit, or jumping straight into it, you get the vaginal scene with Brownie. Afterwards, if you return to her and ask if she needs help with anything, she will give you the lemon pie required for Medea's scene.

## Rosie

Requires:

- 1x Catnip

Rosie, the gardening villager, is found in Game Oasis. She is essential for progressing the story, as you need to talk to her in order to convince Gracie to talk to Medea. In order to unlock her sex scene, comment on her garden, tell her you have something that might help,

and show her the catnip. After having sex with Rosie, return to Nyancy if you haven't had sex with her yet. In order to progress the story, tell Gracie that she is "a cute ray of sunshine," and continue that dialogue. After, go talk with Gracie.

## Gracie

Requires:

- 20x Wood
- 10x Rope

Gracie, the leader Gatomon, is located in Game Oasis. She is essential to progressing the story. After having talked with Rosie, talk to Gracie about talking to Medea. Collect and give her the required resources, then the story will progress. If you return, and ask her to help you get to Northern, she will reward you with her sex scene.

# Alternate Scenes

## Fia

It is quite difficult to get Fia's alternate scene on the first try, so don't worry about missing it. After helping out the other felines, you can return to her. The dialogue to get her anal sex scene is as follows:  
"Wants to have sex, Fia?" → "I don't know..." → "I am not!" → "Nope, not true." → "W-wait!" → "I don't know, is there something you want from me?" → "I can offer my dick! You want it?" → [make her beg for it.] → "Actually, I was thinking of using your other hole."

## Brownie

Brownie is easy to get on the first way around if you tease her a bit first. On the first attempt, the dialogue will look like this:  
"What are you making, Brownie?" → "I want to buy a pie." → [tease her a bit first] → [show her who's in charge] → "If you want me to help you, Brownie... Then sit."

On a second try, the dialogue tree is similar, but with a different start:  
"Hi Brownie, want to have sex?" → "A pie?" → [tease her a bit first] → [show her who's in charge] → [show her who's in charge]

## Nyancy

Nyancy is the easiest of all three in terms of accidentally getting the alternate scene. All you need to do is be nice to her when you first meet her and not rush her into sex. She will give you the catnip. After using the catnip on Rosie, return to Nyancy, and you will unlock her alternate scene.

## Progressing to Northern Island

In order to progress to Northern Island, you must complete a set of steps. First, talk with Rosie. Tell her that she is “a cute ray of sunshine.” She will then request you talk to Gracie. Second, talk to Gracie. She will request you gain 20 wood and 10 rope. After getting these materials and giving them to her, talk to her about reaching Northern Island. Third, after her sex scene, go to Medea and ask her for help to get to Northern Island. She will then request that you find a ruby. Return to the island screen and click explore until Northern Peaks turns up. At Northern Peaks, there is a quiz. If you got all 8 hints by talking to the felines, then this quiz should be no issue. However, the answers will be put below for ease of access.

Upon reaching Northern Island, you will be greeted by Puck. You are free to ask her any questions, or not. Once you have met her, start exploring Northern Island!

# Anime Beach

## Luna

Requires:

- Feline Seduction
- 1x Topaz

Luna, the sweet moon cat, is located in Anime Beach. In order to unlock her scene, you have to be polite to her, not rush into sex, and not try to be seductive towards her before talking with Blair. After having your microchip activated by Blair, and talking to Blair about Feline Seduction, return to Luna. She will then tell you to go to Crescent Bay. Once you have completed the minigame there, and obtained the Topaz, return to Luna and you will have unlocked her scene.

# Blair

Requires:

- Magic Book
- 20x Wood
- 20x Rope

Blair, the wizard cat, is located at Anime Beach. She can activate and recharge your microchip. The microchip offers a 20% bonus to all minigames, and is essential for finishing the game. The microchip requires the Magic Book to activate, which can be found at Waterfall Downs, and is obtained after the minigame. After the microchip is activated, it costs 20 wood and 20 rope to recharge. In order to get Blair's sex scene, you have to have been taught by Luna first. Blair likes it when you're direct, so be direct and her scene will start.

# Puck

Requires:

- Puck's Ring
- Sapphire

Puck, the leadership feline, is located at Anime Beach. Any attempts at seducing her will fail. Her scene is only unlocked after completing her quest. After unlocking Duchess' and Nala's scenes, talk to her and ask if she's happy. She will run away, to which you need to talk to Luna. She will ask you to get a sapphire, which is yet another minigame, located at Rocky Cliffs. After obtaining the Sapphire and returning to Luna, head to Lava Road and complete the minigame. It can be quite difficult, so make sure the microchip is enabled, and keep trying! After obtaining Puck's Ring, return to Anime beach and talk to Puck.

# Disney Plains

## Mittens

Requires:

- 1x Silent Flower
- Feline Seduction

Mittens, the tuxedo cat, is located in Disney Plains. In order to access her scene, first chat with her for a bit, then return to the lagoon. Return to her once you have learned Feline Seduction, try seducing her. All 3 options will fail, but you will be tasked by her to find a silent flower. Return to the full island screen and explore until you see Icy Tops. After completing the minigame, return to Mittens for your reward.

## Nala

In order to find Nala, you must first talk to Duchess. Duchess will mention her, after which you need to go to Puck and ask her for help with finding Nala. When you return to the island view and explore, a new location with a minigame will pop up. It's quite difficult on low screen brightness, so either turn your brightness up, or spam-click around the screen. Once you find Nala, talk to Puck and Duchess that you found her. When talking to Nala, don't approach her too fast, and keep up a playful persona around her. After talking with her a few times, she will ask to go on an adventure. Talk to Puck, then return to Nala. After the adventure, talk to Duchess about how you've talked with Nala. To unlock her scene, talk to Mittens after having completed the previous instructions, and return to Nala.

# Duchess

Requires:

- Nala's Scene
- Feline Seduction

Duchess, the majestic feline, is found in Disney Plains. Any attempts at feline seduction before unlocking Nala's scene will fail. Only after having completed the quest to find Nala, and having her scene, will Duchess' feline seduction work. Don't beat around the bush with her, and enjoy your time with her.

# Breaking The Curse

## Returning to Southern Island

Before returning to Southern Island to fight the cure, you must first get the Opal. After finishing Puck's scene, return to the island view and explore until you see Into The Ocean. Complete the minigame, and return to Puck. Then, access to the southern island will be restored. Before going into the fight in Northern Peaks, search Game Oasis and Pokémon lagoon for extra resources. These will make the upcoming fight much easier. In Northern Island, replay some of the minigames to gain extra silent flowers, and gems. After having gained the extra resources in Southern Island, return to Puck, and you will get Puck's ring. Once you are ready, head to Northern Peaks on the southern island.

## Esix Fight

Esix may seem hard on the first try, but you will have much more success going full attack-mode on her. Every attack has a chance to stun her, so just keep on attacking. If you're worried about your health, especially with an attack such as meteoric rain, use the Opal as a last resort. Typically, if you're above 40% HP, then you'll be safe from most attacks. When Esix is about to unleash the attack "Curse of the Catastrophe," use Puck's Wrath to cancel out the attack, and it will typically one-shot the remaining parts of Esix's health.

# Postgame

## Elyse

Requires:

- 100x wood
- 100x rope

Elyse, the teasing Mew, is found at the Magic Pond. The location is unlocked after having talked with everyone on the Northern Island, and obtaining 100 wood and 100 rope. She has 3 possible dialogue options in terms of her sex scenes, but every time she will break through your feline seduction. So sit back and enjoy the ride with the teasing mew!

## Yuumi

Yuumi, the teasing magical cat, is located at Ruby Cave. She is unlocked after talking to everyone on both the Northern and Southern Islands. When activating Feline Seduction on her, any attempts at dialogue will fail. She gives you a hint, however; “Just *press* me.”

# How To Unlock The Secret Scene

## Southern Island

The first step to unlocking the secret scene is to unlock all hints and all scenes in Southern Island. The guide to unlocking the alternate scenes is above. You unlock two hints by exploring. To unlock the rest of the hints, you must have seduced every feline on southern island beforehand, too. The dialogue trees to unlock all hints are as follows:

Rosie (after becoming friends): “Just came to hang out this time, I hope you don’t mind.” → “I remember you said you wanted to be a performer, care to put on a show for me?”

Brownie: “All this travelling has left me peckish, I was hoping you had something to eat for me?” → “You’re really good at this, Brownie!” → “Not right now, Brownie.” → “Perfect in my opinion!” → “Maybe, but I haven’t met them yet.”

Gracie: “I just want to keep you company.” → “I just came to keep you company.” → “Well... I don’t know.” → “Absolutely!”

Nyancy: “I’m happy to see you too, Nyancy.” → “I came to spend some time with you. Perhaps you’re interested in some stories of the world outside of the island?” → (Any option) → “If I can, I will”

Fia: “Well...” → “I just like being around you, Fia.” → “You’re special to me too, Fia.”

Medea: “I hoped to spend more time with you.” → “It must be nice, having such lovely scenery and ambiance around.” → “Not really, but I get what you’re saying.”

## Esix Fight

After getting all the hints from southern, as well as all the scenes from both islands, including the alternate scenes, you must beat Esix on your first try. If you fail the fight, you have to start from a fresh save file. The guide on how to beat Esix is above. Upon beating Esix, and finishing her scene, a secret dialogue and scene will start.

Congrats! You’ve got the secret encounter!
