

# Monument Academy

January 2026

Dear Parents,

You are receiving this letter because we have determined through in-depth data collection that your child would benefit from an enrichment group this year. Students in this group will be closely monitored and assessed for concept understanding and may be removed if the pace is too fast or the concepts are too hard.

The purpose of this enrichment group is to provide challenges and observe potential in students by asking them to think in different ways and try a variety of challenging tasks. These tasks may involve problem-solving, critical thinking, reading comprehension strategies, puzzles, and more, depending on the group and the activity. Membership in the group does not mean they are identified as gifted or in the gifted program, it is only a potential precursor and a talent pool experience. Additionally, membership in the group is flexible and fluid, students move in and out regularly as I observe them and gather information.

Please sign and return this form if you would like your child to participate. If you have any questions, please do not hesitate to contact me or your child's homeroom teacher.
