Green Local Schools Annual Chromebook Device Insurance

Green Local Schools offers insurance to be purchased annually prior to the deployment of a Chromebook to your child. The insurance cost is \$25 annually for each Chromebook. Each claim covered by insurance will be assessed an incremental deductible within the current school year. The first claim deductible is \$0; however, each additional claim will result in an increasing deductible of \$25 for each instance of the current school year (see chart below for a description). If a student withdraws from Green Local Schools and then re-enrolls later in the current school year, the coverage purchased at the student's initial registration that same year will be reinstated along with the number of claims made prior to withdrawal.

Insurance will cover the repair of an accidental damage to your child's Chromebook. For example, if a student accidentally drops his or her Chromebook resulting in a cracked screen, a new screen will be installed with the parent paying no additional charge (for a first-time claim). **Insurance DOES NOT cover the replacement of a lost, stolen, or intentionally-damaged Chromebook, case, or AC adapter.**

Insurance/Deductible Chart

Annual Premium Due Before Chromebook Distribution	Deductible Claim #1	Deductible Claim #2	Deductible Claim #3

Note: Each additional claim beyond #3 will continue to increase by \$25.
