

BREENA BARD

Breena Bard - author visit information

Thank you for considering me as a guest author at your school or library! It's such an honor to get to meet and talk with young readers, and I do my best to keep them excited about books and reading. An author visit from me is typically 45 minutes in length, and consists of three parts: an "About Me" slideshow presentation (sharing my childhood art and inspiration, and my journey to becoming an author) a short reading from my latest graphic novel *Wildfire*, and a look behind the scenes of how a graphic novel is made. I usually close by doing a live drawing with suggestions from the students. If time allows, I can also take questions from the audience.

I also offer an interactive comics workshop, which is better suited to smaller groups of students (10-25 students) which takes kids through the basics of cartooning, designing a character, and creating a short (1-2 page) comic. (Supplies to be provided by school/library: paper, pencils/erasers, pens). This can be added to an author visit, or held as a standalone event, and can run at either 45 or 90 minutes.
