

Parent Access for Student Library Resources

Follett Destiny is WISD's online, integrated management system for library resources. As parent or guardian, if your email address is connected to a student in Destiny Library Manager, you can access their library information and the parental control features detailed below.

Note: Each student is connected to an email address. The email address associated with the primary guardian (Family 1 Guardian 1) in Ascender will have access to these features.

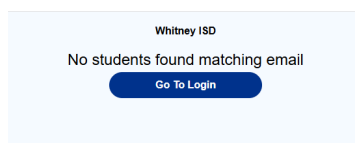

To Login and Access Parental Control Features:

1. Use the following URL to access the Destiny Verification page: [WISD Destiny Verification](#)

2. Type your email address (the same address you use for Skyward)
3. Click **Get Access Code**.

Note: If the email address either does not match what is in Destiny or is not connected to a student in the district, you will see the following message:

4. Go to your email account to retrieve the access code.

Note:

- The code expires in 10 minutes. If it expires, you can click **Resend Code** from the Get Access Code page.
- If you enter an invalid access code, you will see an Incorrect Access Code message.
- The email is sent from no-reply@follettlearning.com with the subject, "Additional User Type Access Code."
- If the code is sent more than once, after the second time, the user will need to refresh the screen and then re-enter their email address.

5. From the Enter Your Access Code page:
 - Type your access code.
 - Optionally, to stay logged in from your current browser, select **Keep me logged in on this device**. If you select this option, you will stay logged in for 60 days or until you log out. If you don't select this option, you will need to log in with an access code each time.
6. Click **Submit**.

To Navigate Additional Parent Features:

Once you are logged in, the user's name associated with your email address appears in the top-right corner. If you have more than one student in the district, a drop-down appears. You can search for and block titles from being checked out as well as view current checkouts and any blocked titles for all students associated with your email address. To view a different user, select their name from the drop-down. Use any of the following options:

- **Search:** Search by title, author, or subject to find materials. When search results appear, you can select the three blue dots to block a title from being checked out or “View More Details” to view more information on a title as a guest user via Destiny Discover.

- **Checkouts:** View the current checkouts. To view more information about a title as a guest user via Destiny Discover, click “View More Details.”

- **Blocked:** View any titles you marked as blocked. You can select the three blue dots to remove the block on a title or “View More Details” to view more information about a title as a guest user via Destiny Discover.

- **Logout:** Log out of your current session.
