

Feels Like The First Time

w/m By Darius Love 2006

****Verse 1****

I never got over the first time I fell in love,
The first time that we touched, it's a memory I hold.
You never forget your first; no, I never forgot,
All the good times we had, your smile, your laugh,
Every day feels like that first day we met.

****Chorus****

It feels like I'm falling in love again,
Like the first day we met, like the first time we kissed.
It feels like I'm falling in love again,
Every moment with you feels like the first time.

****Verse 2****

If I had my way, I wouldn't change a thing,
Same color of your hair, that sweet perfume you wear.
Even down to your toenails,
I'll never find another who can compare to you,
Come close to the way you make me feel, yeah.

****Chorus****

It feels like I'm falling in love again,
Like the first day we met, like the first time we kissed.
It feels like I'm falling in love again,
Every moment with you feels like the first time.

****Bridge****

I don't know what's come over me,
Why I feel this way after all this time together.
I'm happy I can say, you're my first, you're my last,

Feels Like The First Time

Through the good and the bad,
through the ups and downs,
Always got my back, if I had to do it all again,
I'd do it just the same.

****Chorus****

It feels like I'm falling in love again,
Like the first day we met, like the first time we kissed.
It feels like I'm falling in love again,
Every moment with you feels like the first time.

****Outro****

Like birds singing on a summer day,
Like fresh dew after the spring rain.
Like a snowflake falling from heaven,
Yeah, that's how I'm feeling.
Like the music from an angel's harp,
Like fireworks in July,
Like wedding bells of newlyweds,
Like the sound of a newborn crying.
