

TCHE Co-op FAQs

1. Are we an a-la-cart co-op or full service?

You can register for as many classes as you would like. It is okay for students to have gaps in their schedules, as long as they remain in designated spaces in between classes.

2. Do I need to volunteer?

We are 100% volunteer run and volunteering is highly encouraged, but not required. We incentivize volunteering with discounts and priority registration. (Priority registration is for current members only.)

3. May I drop off my child?

A parent must remain on campus in either the Parent Room or Quiet Study Hall for children under 13 years old. Teens may attend without an adult, as long as we have the required form and the student is well-behaved.

4. What are the costs associated with registration?

Each family pays a \$65 fee for annual participation in TCHE. Supply fees for each class are also due at registration (usually \$5-25 per class). *Monthly class fees (~\$5-\$25 per class) are due the first Friday of each co-op month (8 months total). Monthly fees are discounted for volunteers.*

5. What is the registration process for new members?

Let us know you are interested by filling out our (insert new family form). We will schedule a tour/interview time for you on either March 6th or March 13th, 2026. If we have openings, we will email

you registration instructions once we finish current member registration (on or after March 27th).

6. Can I see the classes being offered?

Yes, you are welcome to read our [class descriptions](#)! Our class offerings change each year, based on student needs and teacher availability.

7. Who do I contact if I have a question?

Send an email to TCHEclassregistration@yahoo.com. *We do our best to respond in a timely manner, but please give us grace during registration season. We are all volunteer homeschool mommas, too.*
