Kerstin Kirchsteiger, Ph.D. is a **Scientist turned Executive Coach for ambitious women who want to build a wildly successful career or business and make the impact they desire WITHOUT burning out.** She is a GENOS-certified Emotional Intelligence practitioner and ICF-ACC-certified executive coach.

Kerstin has been coaching emerging and seasoned female leaders to unlock their full potential and prepare them for the next step in their careers while integrating the demands of work and life.

In her Consulting, she focuses on Leadership development, specifically on Emotional Intelligence and the interpersonal sphere. She is passionate about equipping leaders with research-backed, proven tools that make their jobs more enjoyable and impactful, leading to higher performance and improved talent attraction and retention.

She has worked with international clients from prominent companies such as Boeing, Leaders Lounge Australia, Thermo Fisher, Quidel, Exelixis, Aprio, and Elemis.

When Kerstin is not working with clients, you can find her mountain biking or enjoying the outdoors with her family.
