

2021-22 Neighbourhood Canopy Regeneration Project Resources

1. [Rockcliffe Park Tree Inventory](#)
 - Compilation of native trees by English name, botanical name, French name, water requirement, light requirement, salt tolerance, and height at maturity
2. [Rideau 1000 Islands Master Gardeners - Little Forests Kingston](#)
 - Approach to Little Forests inspired by Dr. Akira Miyawaki
3. [City of Ottawa Tree Planting](#)
 - City of Ottawa tree planting programs
4. [Planting Trees in Small Places](#)
 - Useful guide on planting trees in small places, such as a front yard or a backyard
5. [Ecology Ottawa Tree Campaign](#)
 - Ecology Ottawa's Tree Campaign is about engaging residents and public organizations to help nurture a greener community, a greener Ottawa, and a greener future together
6. [Geo Ottawa](#)
 - Interactive map tool that allows you to view map layers, get information and answers about the locations in the City of Ottawa
 - Many different map layers available, such as parks, schools, City facilities, property parcels, roads, and zoning
 - Useful for determining public vs. private land
7. [Tree Canada - Tree Planting Guide](#)
 - Tips on planting trees
8. [National Capital Commission - Tree Canopy Assessment](#)
 - The very first region-wide mapping analysis of the tree canopy
 - Assesses the percentage of land covered by trees over 2 metres high in the City of Ottawa and Ville de Gatineau and on NCC-managed lands
 - Links to Tree Canopy Interactive Map and Tree Canopy Assessment Report
9. [City of Ottawa Urban Heat Island Map](#)
 - The City of Ottawa, in partnership with Ottawa Public Health, created two urban heat island maps using satellite imagery from July 18, 2019, a hot day where temperatures reached 27.3 degrees Celsius and the humidex reached 31
 - These maps highlight areas of potential risk created by the urban heat island effect
10. [Champlain Oaks](#) and [Champlain Park Neighbourhood Canopy Regeneration Project](#)
 - Check out what the Champlain Park Community Association is doing!

11. [Glebe Neighbourhood Canopy Regeneration Project](#)

- Check out what the Glebe Community Association is doing!

12. [Citizen's Toolkit on Climate Change & Urban Forestry](#)

- A visual and fun guide for people to engage with family, friends, and neighbours on issues and solutions related to urban forestry and climate change on their block

13. [Forest Gene Conservation Association](#)

- Check out the Forest Gene Conservation Authority website, a not for profit organization unique in its focus on gene conservation of woody plant species, the foundation of forest resilience under our changing climate
