Committee Reports

Athletic Director Presented 2 funding requests submitted by Coach McCabe

1. Javelin Tow Board – requested \$286.00 unanimously approved
2. 12 Trophies – requested \$210.00. Boys track, 2 teams. This item was discussed in depth. Track is unique in the case that it carries and estimated 92 athletes, therefore there are many captains. VSP allots 3 trophies/awards per team and track needed additional trophies. Historically this funding has come from their student activities account which is no longer a viable option due to the inability to fundraise as a team. The board reluctantly approved this request due to the infancy of the booster program but this is not an annual guarantee. It was recommended that the 3 allotted by VSP be used for category award (MVP, Outstanding Freshman, etc.) vs captains for all teams moving forward. Passed by a vote of 8-4

Note 2 recommendations

- a. Proper paperwork required for submissions to avoid rejections
- b. Booster future discussion around awards and what is/is not feasible

Fundraising Committee Reports

Movie Night – determined expense was not going to make this possible

Meat Raffle – Maura Bagley will contact local business to see if late August is feasible

Halloween Dance – no update available

Unfinished Business

Fall Fundraiser

Funds2orgs was welcomed by the majority of the team. Lisa Harkins will reach out to the organization to see what is required and get answers around some specific questions. Expected rollout would be fall 2017. Boosters may attempt district wide contributions. This is a "gently used or worn" shoe collection fundraiser. Details of the event TBD
