

Multiple Madness II (Directions)

Materials: gameboard, game markers - different color for each player, 2 paperclips

Number of players: 2

Directions:

1. Player 1 places paper clips on two numbers at the bottom of the page.
2. Player 1 multiplies the two numbers and places a marker on the correct product.
3. Player 2 can move only one of the paper clips at the bottom of the page.
4. Player 2 multiplies the two numbers and places a marker on the correct product.
5. Both paper clips may be placed on the same number.
6. Play continues with players taking turns and moving only 1 paper clip each turn.
7. The winner is the player who has 4 markers in a row, horizontally, vertically or diagonally.
