

Sourcery CodeBench Lite Edition for ARM GNU/Linu

Latest release (as of 18.02.2013): [2012.09-64](#) (untested)

Windows: [Installer](#) - [Archive](#)

Linux: [Installer](#) - [Archive](#)

Source: [Archive](#)

WARNING: The 2012.03-57 version is reported to cause problems with a missing version of glibc on the Pandora (this might also be true for the 2012.09-64 release), if your application does not run (fails to load glibc or some other library because of version differences, etc.), revert to the 2011.09-70 version (links below)!

Tested, working release : 2011.09-70

Windows: [Installer](#) - [Archive](#)

Linux: [Installer](#) - [Archive](#)
