# Canvas Parent Accounts

With a parent Canvas account you can access each of your students' classes. You'll be able to observe what assignments they have completed, what assignments they are currently working on, and whether or not they have turned them in. Of course, you will not be able to complete, edit, or submit your students' assignments. (That's for them to do.)

To create a parent Canvas account:

1. First, make sure that you have a Pairing Code. You can get a Pairing Code for each of your students' from one of their teachers. You only need a single pairing code from one teacher to be able to observe all your students' classes.

2. Click this link: https://north-staracademy.instructure.com/login/canvas

3. Select the "Parent of a Canvas User? Click Here For an Account" link:

4. Fill out the next screen. You'll need the pairing code to finish this step:
