Dear Prime Minister Sunak

I strongly agree to the proposal of a four day week. As a result, I believe parents will be happy and staff consequently, have a longer weekend. The children would be happy to spend more time with their family and many people would agree that children are usually tired on Fridays

My first reason, is children spend too much time inside and break is at 10:30 and lunch is at 12:30. I'm sure that you have been a child and walked into school crying because you missed your mummy and daddy. So we need an extra day off so we don't get sad and so we put our best effort in our work. Did you ever wonder when you were a child if you could have a four day week so let us have one. Additionally I love my mum and dad and I want to see them more.

I hope that you will consider children need a four day week because they have more time to do homework and play with siblings.

Yours faithfully Ariana Lily Buller thank you.
