

## **Your strategy in Learning Tajweed (5 Important Strategies)**

Before starting in learning Tajweed, you should put in mind some important tips that will help you in learning and Tajweed rules and recite Quran very skillfully. These tips are:

1 – Qur'an Recitation is a science which passed down generation after generation through teachers not just books.

So

You should find a Qur'an teacher who studied Tajweed Rules and Have an Igaza in Quran Recitation and memorization to listen to your recitation and correct you after teaching you Tajweed Rules step by step.

2 – While learning Tajweed Rules, you'll recite Qur'an and you'll apply rule after rule after learning it. You'll recite and the teacher will correct your recitation.

3 – You should listen to Qur'an from a famous and professional reciter (I recommend Sheikh/ Mahmoud Khalil Alhosry) who recites Qur'an clearly and skillfully, then you can repeat after him while trying to apply the rules you've learnt.

4 – If you learn Tajweed while you're memorizing Qur'an, you should apply Tajweed rules that you are learning on the surah you're memorizing and don't save any effort about reciting correctly, that thing will help you in memorizing correctly.

5 – Repeating and practicing (Qur'an Recitation with Tajweed) will Insha'Allah make perfect; as there is no obstacle between it (Recitation with Tajweed) and leaving it, except that a person must exercise his mouth with it (recitation with Tajweed), and this is the saying of Ibn-al-Jazaree, the great Imam of Tajweed.
