# San Antonio Math Include

Provide Greater Access to STEM Education to All Students

**Ritesh K.**

**Tutor  
San Antonio Math Include**

Ritesh is part of the 2028 class at BASIS Pflugerville. Ritesh is heavily invested into physics, math, and history. During the summer he likes to work on projects and research on things relating to physics. He also is on the basketball team at school, as well as being treasurer for the school DECA club, managing business finances. Outside of school, Ritesh likes to play video games and sports. He hopes to spread his knowledge of math to others that are eager to learn.
