

Room 1001's Supply List ~ 2026-2027

Please don't send in anything fancy like multi-colored erasers, erasers on the colored pencils, etc. They tend to be coveted/hoarded and can stir up trouble with some children. Keep all pencil boxes, folders at home. I will provide those for you.

Community Supplies (Please! no names on these items.)

We lucked out again this year and I was able to find **free supplies** so the list is shorter than normal.

- two large **glue sticks**. We are requesting either the "Extreme glue sticks" or "Scotch Permanent" brand. If you can't find them you can also send in a few dollars and I will purchase them for you. The other brands just don't work.
- **Prismacolor colored pencils**. I realize these are more expensive. They don't sharpen correctly. Stay away from the "verithin" prismacolors. They break too easily. We can always use extra reds, golds and silvers. If you cannot find this brand please do not purchase other brands. I don't want to waste your money
- one pack of either **colored paper** or **colored card stock**.
- one roll of **paper towels**
- one set of **headphones**
- One regular sized **backpack** large enough to hold regular sized folders (FYI: backpacks with wheels do not fit in our cubbies)

Grade level supplies:

- **First Level only:** clorox wipes
- **Second Level only:** tissues
- **Third Level only:** baby wipes (non clorox, skin safe)
