Hi there my name is Grace and I am the co-founder owner and creator of Filipino Virtual Assistance. I would like to invite you to start your freelancing career with the FVA business consultancy.

I, myself became a freelancer in 2010 because I wanted to spend milestones with my kids. That was the best position my husband and I did, it improved the quality of our marriage, we get to travel here and abroad and, we became stable financially that were able to purchase the things that we need and we want. The whole quality of life really improves because of the blessings of freelancing.

In 2016 we opened FVA business consultancy in order to provide opportunities to parents, mothers, fathers and anyone who would like to learn freelancing as well and earn right from the comfort of their own homes.

Since then we were able to train more than 8,000 students here and abroad. And we now have coaches and trainers not just here and abroad but also with different other freelancing skills.

The whole FVA family is dedicated and committed to teach you and make it happen for you, so what are you waiting for. Start your freelancing career with the FVA family, today.
