Character: name and coloured picture references, personality, eye colour, hair colour

Extra Notes: let me know if other artists tend to make mistakes on certain details so I know what to look out for/understand better

Your email: I will send you a PayPal invoice for the order if accepted

By commissioning me, you have read and agree to my terms of service (see last page of this doc)

Note: you may request **1** free WIP (sketch) per order if desired - this may lengthen the turnaround since I have to find another time period to resume work on your order

turnaround time

After payment is sent, I will work on the order and get it back to you within 4 weeks max. Usually it's within 14 days!

If a WIP is requested, the time may go past 3 weeks depending on my life circumstances, but I'll try my best to keep it as close as possible, and can manage my time quite well. :)

headshot

Starts at \$55CAD

You can let me know what kind of personality your character has so I can try to portray that!

I'll draw the character from shoulder up.

This option is good if you want to showcase the features of the character's face and/or personality through expression

note* this sample has clean lines

Chest up

Starts from \$75CAD

The cut off is just about mid-torso
This option is good if you want the
upper part of the outfit to be shown
as well as keeping some focus on the face
note* this sample has sketch lines

waist up

starts at \$100CAD

The cut off is at the waist (belly button height) or at the hips and up!

This option is good if

you want to have more of the outfit shown,

as well as a pose that involves arms~

More variety is possible for the pose

and increased potential for

showing personality through body language

note* this sample has clean lines

full body

Starts at \$130CAD

Showcases the entire outfit -
this is a good option if
you're looking for art that
focuses on the overall design of the character
If you've got pose ideas,
feel free to let me know,
otherwise I'll think of something
note* this sample has clean lines

COMMISSIONERS MUST READ AND AGREE TO THE TERMS BELOW:

I/my/me = onisuu | You/your = the commissioner

Making Orders. I have the right to refuse orders. They are not first come, first serve. Fill out the order form thoroughly and carefully. If you miss out on telling me a detail, please make sure to amend it ASAP and inform me *before* you send payment. It is your responsibility to provide me the details that I will need to do a successful job. If you make an amendment after paying, there is a chance that I have already started on the order. So please double check your order before paying the invoice.

Payment. The commission must be paid in full via PayPal before I start on the order. I do not accept e-transfers between banks.

Works in progress (WIP). If you would like to see a WIP (sketch) of your commission please inform me in the order form. They are .png images and will be uploaded in my Scraps folder. There is a limit of one (1) per order, unless you pay an additional \$4 CAD for extra WIPs. It costs me extra time to pause work and wait for your feedback.

This is your chance to tell me what you want changed: expressions, details, etc. Please don't be shy if something really doesn't sit well with you. I do my best to capture the character's personality but sometimes I do make mistakes, especially if it wasn't clear from the order.

Changes to final image. I will only make changes to the final piece if it was an error on my part (i.e. I missed a detail that you had provided in the order).

If it's a change you want and I did not have clear, obvious information when you ordered the art, I will not make the changes unless **additional fees** are paid (exact amount to be determined, depending on the scale of the change). The responsibility is on you to ensure your order contains the details you want me to follow. I will not redraw commissions unless payment is sent for a second order.

Use of my art. Commissioned pieces are for **private use only** by the commissioner. You can use it for banners, graphics, personal prints, desktop wallpapers etc, but **you cannot use it for any profit**. This means my art should not appear on any product that is sold.

Commissioners are also allowed to upload the art where they wish, provided my signature is not removed and a link is provided back to my dA homepage [onisuu](#), OR the page of the original upload, OR credit as onisuu @ deviantart/tumblr. **If you are reuploading my art, please upload a watermarked version if it is for public view (theft prevention)**

Rights to the art. The rights to the art remain with me. I am the creator of the art and you only have the rights to your character and the non-profit use of the unwatermarked art. If you are selling your character rights + artwork of said character to another person, **you cannot ask the new owner to pay you more money than what you paid me** for the commissioned art.

Private commissions. If you request the commission to be **private** (I cannot upload it to my gallery on dA nor Tumblr) then the price will be **1.25x the regular price**. This is because I lose out on my chance to display my current skills for potential customers. Normally I own all rights to the artworks to showcase in my portfolios. You cannot use my art on any product that you sell.

You also cannot upload it to your dA/Tumblr/toyhou.se/weebly/etc. either (no public access).

Refund policy. The amount of money that can be returned depends on how far I have gone on the commission at the time of refund request. Please note, refunds will not return PayPal fee amounts back to you, so you may receive 3-5% less than the original amount you had sent. Percentages returned are based on the amount of money I received (meaning: amount you sent - paypal fees = amount I received; I calculate refunds from the final amount)

not started: 100% of the money is returned

sketch: 60% of the amount + sketch is sent

line art: 30% of the amount + line art is sent

completed art: no refunds

By commissioning me, it means you have read and accepted all the terms outlined above.

You agree to using the art ONLY for personal, non-profit purposes and provide all image credits to me, onisuu (onisuu.deviantart.com / onisuu.tumblr.com)
