Call for Chair/Co-chair for the 2028 ATTW Conference

The executive committee of ATTW invites interested individuals to chair/co-chair the 2028 ATTW annual conference . We anticipate the 2028 conference to be solely an in-person event. Chairing the ATTW conference is an opportunity to bring together approximately 200 technical communication teachers while highlighting your program, campus, and community. The chair(s), along with any appointed collaborators, will be responsible for the following:

- Selecting a venue for the conference
- Suggesting a date for the conference
- Suggesting a theme for the conference: The theme must be broad enough to capture the past, present, and the future of technical communication. ATTW is the flagship organization for technical communication. As such, our conference theme should reflect both the breadth and the depth of the field
- Writing a call for proposal for the conference
- Handling correspondence(s) related to the conference
- Selecting reviewers for conference CFP
- Coordinating conference schedule, including selecting guest speaker, lodging, air and ground transportation, and dining
- Developing a budget for the conference

Note that the ATTW executive committee and dedicated volunteers will work with you throughout the process so you will not be working alone.

Interested individuals should reach out to ATTW Vice President, Dr. Isidore Kafui Dorpenyo at dorpe001@umn.edu with a single page document detailing the conference theme, venue, date, and a justification for the relevance of the theme to the field of technical and professional communication by January 15, 2027. Thank you.
