

Senate District 12 Party Delegates:

My name is Ken Jacob. I'm asking for your vote to serve you on the Democratic Party of Hawai'i State Central Committee (SCC) from Senate District 12. It is my belief that the Democratic Party is the most important organization of people on the planet. If our Party is successful electing the right leaders, the world and Hawai'i can become a better place. In Hawai'i, with the right leadership, the Democratic Party of Hawai'i can achieve the public policy goals established in our platform.

My political history began in 1980, as a member of my local school board. One year later, I successfully ran for the Missouri House of Representative, and I served seven terms for fourteen years. In 1996, I ran for the Missouri State Senate, and I served eight years, until I no longer could serve as a result of term limits. During that time, I was elected by my colleagues to serve as Senate Democratic Floor Leader. I also served under two gubernatorial appointments as an Administrative Law Judge and as Deputy Director of the Missouri Department of Labor. Additionally, I was General Counsel for the Missouri State Auditor. During my political career, I gained experience with fundraising, public communications, coordinating volunteers and strategic political planning. All of which are needed to ensure our Party is successful in achieving our goals.

My educational background includes four college degrees, including a Master's in Public Policy and Administration, and Juris Doctorate. I have been a Missouri licensed attorney since 1989.
