Show Notes:

What makes a Unicorn Founder? They are the unbeatable entrepreneurs who have created a start-up valued at \$1 billion dollars! How do they do it? To help us all reach our goals, I am sharing one of my favorite panels from the LEAP conference: "Decoding the Journey to Becoming a Billion-Dollar Startup". Together with Amjad Masad, CEO of Replit, Dileep Thazhmon, Founder and CEO of Jeeves, Martin Villig, Co-founder of Bolt, and Ankush Grover, Co-founder of Rebel Foods, we will dive into what it really means to become a Unicorn. You do not want to miss these secrets on building the mindset, culture, and grit that will take you to the next level. You may just be a Unicorn in the making!

Show Notes:

What if the answer to all of your prayers was right around the corner? It is possible! So why not just believe that your dreams ARE within reach? If you believe it, you will start to see it. I can guarantee that! But if you don't believe in yourself, lean into negativity, and ignore the red flags, you will never reach your goals. Fire the villains in your life and keep the faith! I am learning from everyone around me and embracing my inner knowing. Begin manifesting with me. And let's all start preparing for the future we want, TODAY!
