

About me:

My name is Gabriella, I am passionate about Minecraft and crafting plugins for the community.

I have been focusing on programming in Java in the past few years so I am very familiar with making all sorts of plugins.

I can create any plugin, anything from a small product to a big project

Experience:

I am a developer for Kings of Tekkit, I have over a thousand hours of being logged into Minecraft and I have been doing private commissions in Minecraft for the past 2 years

Plugin showcase:

(from the simplest to the most
