# Landslide Data

## Predict:

1. What do you think will happen when we add water to the top of the slope that is covered in pebbles, soil, and sand?
- 

2. What material do you think will need the MOST water to create a landslide?
- pebbles

soil

sand

3. What material do you think will need the LEAST water to create a landslide?
- pebbles

soil

sand

## Record:

	# of Sprays to Landslide	Notes
Pebbles		
Soil		
Sand
